UNLEASHING THE POSSIBILITIES OF YOUR APPLE DEVICES, SEAMLESSLY.

CDW Amplified™ Configuration Services
Configuration Services for Apple Devices

In today's rapidly evolving technological landscape, tailoring your technology to fit your organization's needs takes time and expertise you may not have. Let CDW help reduce the time and expense needed to deploy Apple devices and prepare systems for end users. CDW's state-of-the-art facilities and extensive experience allow us to ship devices directly to users to streamline your work-from-home programs. Whether it is provisioning, asset tagging, kitting, managing, etc., CDW is your partner for any kind of configuration project.

Configuration Services for Apple Devices can help you achieve:

Operational Efficiencies   **Reliability**   **Increased Performance**

Orchestrating the Right Solution

As Apple's largest global partner, we have invested in exceptional technical integrations along with dozens of Apple resources dedicated to CDW. We can help you build a turnkey solution that reduces deployment time, increases ROI and frees your IT staff to focus on core business objectives.

Put your technology to work the moment it arrives at your door. There's no software to install. No hardware to configure. No testing necessary. It's just what you ordered: a solution. This can include taking advantage of **CDW's Buy and Hold service**, which allows you to use a CDW warehouse to hold your configured product until you are ready to receive it.

CDW's Configuration Services supports Mac, iPhone, iPad and Apple TV devices from our distribution and configuration centers.

Below are Configuration Services available for Apple products:

- Asset Tag/Data Capture
- Laser Engraving
- Apple Device Provisioning
- Apple Business Manager (ABM) Enrollment
- Integration into MDM
- End-User Customization
- Zero-Touch Deployment
- Device and Box Labeling
- Welcome Letters
- Special Packaging/Kitting
