

WE GET CLOUD CAN TRANSFORM YOUR BUSINESS OPERATIONS.

CDW Amplified™ Hybrid Cloud
Jumpstart for Azure

Organizations like yours need to reduce capital expenses and minimize the constant need for servers, storage and IT infrastructure to support your business's demands. Microsoft Azure can accelerate cloud adoption with services such as identity and access management, core compute services, virtual networking and connectivity. Our CDW experts will guide your journey to the cloud based on your business requirements and goals.

CDW's Jumpstart for Azure can help you achieve:

Orchestrating the Right Solution

CDW will help you plan, design and build your initial Azure environment. With the Jumpstart for Azure engagement, CDW helps you create a flexible, stable, secure and scalable infrastructure within Azure, allowing you to take advantage of all the benefits associated with Azure public cloud immediately. Jumpstart for Azure can range from a proof of concept to a full production-ready environment depending on the topics and features that are configured.

With Jumpstart for Azure, CDW can provide the following:

- Identification of ways Azure can achieve your business and technical requirements
- Knowledge transfer and best practices from CDW experts
- Quick deployment of a workload-ready Microsoft Azure environment
- Authentication and application configuration
- Review of current governance policies
- Cloud adoption roadmap and next-step recommendations
