**ACCELERATING DATA CENTER  
CONSOLIDATION WITH CDW SERVICES**

A federal defense program needed help accelerating an ongoing mission-critical project, with the goal of consolidating data centers. CDW's Sales and Business Development teams partnered with Cisco to create and execute on a data center migration plan. This solution included CDW services support, hardware procurement, device configuration, engineering services, deployment, networking support and technical consultations. This partnership produced a successful solution that helped the federal defense program move forward in their plans and meet their deadlines. They have happily extended their CDW support into 2024 with additional project requests, as a result.
