

MacBook Air. Supercharged by M2.

Great tool. Great price.

Run your business on MacBook Air. Supercharged by the next-generation M2 chip, the redesigned MacBook Air is more portable than ever and combines incredible performance with up to 18 hours of battery life into its strikingly thin aluminum enclosure.¹ So all your teams from sales to finance can be more productive anywhere.

Bring MacBook Air into your business for as low as \$1 a day and your employees can stay productive wherever work takes them.²

Apple Financial Services keeps your costs low by accounting for the high residual value of Apple devices up front. Flexible upgrades give you complete control of your refresh cycle. And with clear and straightforward terms, the experience is simple and friendly.

CDW works directly with Apple Financial Services to create a financing solution that works for your business. Contact us to find out more.

¹Battery life varies by use and configuration. See apple.com/ca/batteries for more information. ²Based on a 48-month fair market value leasing structure with monthly payments due in arrears for 13-inch MacBook Air, Apple M2 Chip with 8-Core CPU and 8-Core GPU, 256GB storage at \$1,499 List Price.
