

# AWS CLOUD MIGRATION QUICKSTART

Cloud

Do you have a skill or staff constraint to support migration? Or an impending event requiring a move quickly? CDW's Cloud Migration QuickStart services are built to migrate your existing servers to your destination AWS cloud using cloud-native tooling and are limited to rehost/lift-and-shift servers running supported Windows or Linux servers only.

CDW's cloud team has helped hundreds of clients get started with their cloud journey. Reach out to us to get set up quickly and correctly the first time, with full knowledge handover so you can focus on what really matters.

## AWS CLOUD MIGRATION QUICKSTART INCLUDES:

	INCLUDED
Deployment of migration tooling using Application migration service in your organization's environment.	✓
Configuration of servers for replication.	✓
Cutover assistance.	✓
Staging test and troubleshooting.	✓
Cutover of host to cloud.	✓
Guidance and knowledge transfer from our cloud experts.	✓

Our cloud team is excited to assist you in expediting the migration process and set you up for success for in-house migrations in the future.

**CDW's full lifecycle of services can support your business no matter where you are on your journey:**

## WHY CDW

- We work with the AWS cloud platform and have hundreds of hours of experience, having migrated thousands of workloads
- CDW's cloud practice has a bench of cloud-certified professionals to support your cloud journey
- We use automation tools to deploy your AWS landing zone, which reduces risk, time and costs
- We have over 20 years of experience in the Canadian market
- Our team has over 80 solution architects in nine different locations across Canada
- Our solution architects have solved some of the biggest IT challenges in Canada for companies across different industries and provinces

## OUR APPROACH

### We Meet You Where You Are

#### Assess

We leverage tools and proven methodologies to identify key business drivers and requirements for successful solution development.

#### Architect

We develop a detailed plan for educating talent, innovating processes and implementing technologies.

#### Implement

We deliver the solution with a focus on customer satisfaction and meeting the business requirements with industry-leading technical experts.

#### Operate

We provide 24x7x365 monitoring and management of critical infrastructure to ensure solutions continue to provide reliable business value.
