WHY ESET CYBERSECURITY AWARENESS TRAINING?

SECURITY, DON'T BE STATIC

Nearly 1/3 of all data breaches in 2018 involved phishing.

As many as 60% of hacked small and medium-sized businesses go out of business after six months.

More than 90% of malware is distributed via email.

The global average cost of a data breach is \$3.92 million

COMPLIANCE, BE PROACTIVE

- ✓ Part of a good corporate compliance program can aid in maintaining a healthy reputation and reducing costs related to litigation or disruptions to business.
- ✓ International compliance standards such as HIPAA, PCI, SOX, GDPR, or CCPA may require or strongly encourage training for all employees.
- ✓ Insurance companies are increasingly recommending employee training programs in managing cyber risk.
