

CDW Canada Becomes One of the First Canadian Partners to Earn Cisco's Environmental Sustainability Specialization

This achievement underscores CDW's commitment to sustainability and creating new opportunities for customers

Toronto, ON – September 30, 2022

[CDW Canada](#), a leading provider of technology solutions and services for Canadian organizations, announced today that it has been named one of the first Canadian partners to receive Cisco's Environmental Sustainability Specialization. This comes as part of CDW's ongoing Environmental, Social and Governance (ESG) efforts and commitment to reducing consumption and waste generation.

Cisco provides one of the most prestigious environmental sustainability specializations in the world. With this distinction, Cisco and CDW will work together to achieve each of their sustainability goals, meet government mandates and provide new customer opportunities through mutually sustainable business practices.

"At CDW, we are dedicated to creating a positive impact for all our stakeholders and the world we share with them," said Ginette Adragna, Vice President and General Manager, CDW Canada. "I am incredibly proud of our team for being one of the first partners in Canada to achieve this specialization. We look forward to continuing to bring this sustainable spirit to how we serve our customers, how we work with our partners and how we engage in our communities."

This certification recognizes that CDW has completed both required Cisco-delivered courses, passed all corresponding exams and signed Cisco's sustainability pledge.
