

AZURE CLOUD MIGRATION QUICKSTART

Cloud

Do you have a skill or staff constraint to support migration? Or an impending event requiring a move quickly? CDW's Cloud Migration QuickStart services are built to migrate your existing servers to your destination cloud using cloud-native tooling and are limited to rehost/lift-and-shift servers running supported Windows or Linux servers only.

CDW's cloud team has helped hundreds of clients get started with their cloud journey. Reach out to us to get set up quickly and correctly the first time, with full knowledge handover so you can focus on what really matters.

AZURE CLOUD MIGRATION QUICKSTART INCLUDES:

- Deployment of migration tooling for Azure in your organization's environment
- Configuration of servers for replication
- Cutover assistance
- Staging test and troubleshooting
- Cutover of host to cloud
- Guidance and knowledge transfer from our cloud experts

Our cloud team is excited to assist you in expediting the migration process and set you up for success for in-house migrations in the future.
