A list of products and services available through this agreement can be found at [CDW.ca/brands](https://www.cdw.ca/brands)

This contract is available to the Public Sector nationally and is compliant with the Canada Free Trade Agreement (CFTA) and the Comprehensive Economic and Trade Agreement (CETA).

CDW CANADA HAS BEEN AWARDED CONTRACT #071321 FOR IT MANAGED SERVICE AND STAFF AUGMENTATION SOLUTIONS

This is a 4 year contract, valid until September 2025 with the option of extension. Through this contract CDW Canada will offer competitive rates for our services. Services under this contract include:

AMPLIFIED SERVICES

CDW helps design, orchestrate, and manage your technology environment so you can maximize your IT investments and deliver real value for your customers.

CONFIGURATION SERVICES

Configuration Services can help tailor your technology to fit your organization's needs whether it's single-device provisioning, multisite deployments, or fully configured racks for data centers, we are your partner for any kind of configuration project.

MANAGED SERVICES

With proactive monitoring, automation, alerting, analysis, maintenance and performance of operational functions of an organization's contracted technology environment, CDW can provide end-to-end support of your complex environments.

PROFESSIONAL SERVICES

Our Professional Services can orchestrate advanced network defense techniques such as next-generation firewalls, advanced endpoint protection, content security, and access management.

SERVICENOW

Manage your ServiceNow environment, you get a single system of record for organizational and cross-organizational processes, integrating service strategy design, transition and operation into a simple cloud-based platform.

STAFF AUGMENTATION

Technical Staff Augmentation Services assists with increasing your organization's hiring agility by helping you access technology skillsets that are tough to hire and not readily available, that enable your organization to compete in rapidly changing times.

ABOUT SOPHOS

Sophos is a worldwide leader and innovator of advanced cybersecurity solutions, including Managed Detection and Response (MDR) and incident response services and a broad portfolio of endpoint, network, email, and cloud security technologies that help organizations defeat cyberattacks. As one of the largest pure-play cybersecurity providers, Sophos defends more than 500,000 organizations and more than 100 million users globally from active adversaries, ransomware, phishing, malware, and more.

ABOUT CDW
