Lenovo™

GIVING YOU CONFIDENCE IN EVERY CHOICE

Lenovo understands that dependability demands both reliability and security. We make both central to every decision we make.

- Layered ThinkShield security unites physical and cybersecurity protection, including integrated Intel® Core™ processor features
- Tightened security gap with up to 99% fewer common vulnerabilities and exposures than our major competitors
- Reliability earned through a focus on building products MIL-SPEC tough and testing them even tougher than the competition

A PARTNER IN YOUR OUTCOMES

We strive to be more than a provider, collaborating with customers and decision-makers to solve for the opportunities and obstacles driven by new technology choices.

- Dedicated specialists with deep experience in education technology decision-making
- Easy to work with and buy from, with broad availability on state contracts and national vehicles like NASPO and NCPA
- Passionate about a new generation of technology solutions designed to empower breakthrough collaboration and creativity

MOBILITY THAT MATTERS

From the first ThinkPad delivered in 1992, the brand radically transformed what mobile computing and connectivity can do. We continue that dedication to enabling a world on the go, leading the market with groundbreaking formats and features.

Expansive device choices featuring powerful Intel® Core™ processing for high speed and peak performance

Better touch and digital ink experiences for transformational teaching and learning in class, at the lab, or in the community

The perfect mix of style, substance, and ultraportability
