

HEALTH CHECK PROFESSIONAL SERVICES: CISCO

Security

SERVICE OVERVIEW

CDW's security team is here to help organizations get the most out of their security investment in Cisco solutions. Our certified experts have the training and experience to integrate Cisco solutions that optimize next generation security protection, and our professional services offerings are designed to minimize risk and downtime while maximizing the security protection provided by Cisco Firepower or Meraki solutions.

CDW Canada is a Cisco Gold Partner and Cisco Master Security Specialization Partner.

TYPES OF ENGAGEMENTS

- **Health Check** – This service is a deeper technical dive into your configuration settings, licensing and architecture, to ensure all features are enabled, tuned and optimized.
- **Remediation Services** – Often the next step after a health check or best practice assessment, a CDW certified Cisco security expert will address and remediate any deficiencies that are identified. Examples can include enabling blocking for IPS policies for better protection, configuring application aware policy for more granular traffic control or enforcing network segmentation for proper traffic zoning.
