

WE GET HOW TO PUT THE MEETING IN YOUR MEETING ROOMS.

CDW Amplified™ Collaboration

MICROSOFT TEAMS MEETING ROOM READINESS

Outfitting your meeting room with an outstanding Microsoft Teams meeting solution requires in-depth knowledge, expertise and experience, all of which can be challenging to acquire in this rapidly evolving landscape. Implementing, adopting and standardizing the meeting room experience is important to get right the first time to build confidence in a new solution and CDW helps facilitate that success.

CDW Professional Services were designed to complement the technical skill sets of your IT staff by delivering on-premises or remote configuration services of Microsoft Teams Room devices for any organization. Remote installation services are available for technically advanced staff who need guidance deploying these devices without hands-on assistance. For organizations that need services to assist with a large-scale deployment of devices, CDW provides onsite installation and configuration services that can be tailored to an organization's meeting room configuration and user adoption needs.

CDW's Microsoft Teams Meeting Room Readiness engagement can help you achieve:

Agility

Increased
Performance

Faster
Innovation

ORCHESTRATING THE RIGHT SOLUTION

Allow CDW's certified professional consulting engineers to help you plan, deploy and optimize your meeting room experience with Microsoft Teams. Included in this service are the following:

- Expert guidance by a CDW-badged engineer who will conduct an environment discovery to plan the installation, design the configuration, prepare the room and address prerequisites prior to installation
- Configuration and deployment of the Microsoft Teams Room (MTR) endpoint remotely or onsite by a CDW-badged engineer
- Device registration to Microsoft Teams
- Validation testing and troubleshooting
- Administrative training for IT staff
- End-user training to facilitate user adoption and promote a consistent user experience

CDW GETS MICROSOFT

CDW is uniquely qualified to design IT solutions that remove complexity and unnecessary costs from your organization. Our experts become part of your team providing the support you need, when and where you need it.

We can help you navigate Microsoft's robust array of solution offerings. CDW is an end-to-end provider of cloud applications, solutions and services in public, private and hybrid cloud environments. Based on your business demands, we can help you plan, deliver and manage a flexible cloud solution tailored to your needs. We offer outstanding providers, risk mitigation strategies and dedicated, personalized expertise to deliver economic and operational benefits.

We get Microsoft. And we can share our knowledge with you, so your organization can spend less time managing software and more time putting it to work.
