

MICROSOFT WINDOWS AUTOPILOT

Cloud

EXPERIENCE THE CONVENIENCE OF MICROSOFT WINDOWS AUTOPILOT

Windows 10 provides the ability to automate the onboarding and customization of a device that is shipped directly to the end user. Windows AutoPilot along with Azure Active Directory Premium and Intune can install applications, apply security policies and apply custom settings. The Microsoft Windows AutoPilot engagement consists of the following components:

MICROSOFT INTUNE

- Settings management
- Application distribution
- Mobile device management

AZURE ACTIVE DIRECTORY PREMIUM

- Domain join
- Device enrollment

WINDOWS AUTOPILOT

- Deployment profiles
- Customization

WHAT CAN CDW DO FOR ME?

CDW will help you with Microsoft Windows AutoPilot to be able to successfully deploy a solution which includes:

- Verify EMS and Windows license assignment
- Create User and Device Groups for dynamic assignment
- Create configuration profiles and compliance policies for Windows
- Enable Azure Active Directory Domain Join
- Set up two applications to be deployed from Microsoft Store
- Configure updates for Windows devices
- Configure Microsoft Store for Business to support Windows 10 AutoPilot
- Create AutoPilot deployment profiles
- Demonstrate AutoPilot process of importing hardware information and assigning profiles
- Provide knowledge transfer on using Intune and common AutoPilot administrative steps

BENEFITS

- Integration of multiple pieces to work seamlessly together
- Knowledge transfer on best practices to deploy and administer Intune, Azure Active Directory and Windows
- Verify AutoPilot is set up correctly and can configure devices
- Accelerate or improve delivery of devices to your users

WHY CDW?

CDW is uniquely qualified to design IT solutions that remove complexity and unnecessary costs from your organization. Our experts become part of your team, providing the support you need, when and where you need it. We can help you navigate Microsoft's robust array of solution offerings. CDW is an end-to-end provider of cloud applications, solutions and services in public, private and hybrid cloud environments. Based on your business demands, we can help you plan, deliver and manage a flexible cloud solution tailored to your needs. We offer best-of-breed providers, risk mitigation strategies and dedicated, personalized expertise to deliver economic and operational benefits. We get Microsoft. And we can share our extensive knowledge with you, so your organization can spend less time managing software and more time putting it to work.
