Now more than ever, the world needs creative ideas. When students become creators of digital content, they can amplify their ideas and increase their impact. Educators have an opportunity and an obligation to foster creativity in their students and help them build digital skills.

The Adobe Education Exchange helps ignite creativity in curricula worldwide by connecting educators through distance learning resources, professional development opportunities and peer-to-peer collaboration.

Check out distance learning resources.

Elevate remote and online learning programs with curated lesson plans, projects, webinars, and more—helping you find new ways to engage students remotely.

Explore thousands of teaching materials.

Find the best resources to prepare your course work and projects, and get inspired by innovative ideas for integrating Adobe software into your curriculum.

Find professional development opportunities.

Learn new ways to unleash your students' creativity through free self-paced workshops, collaborative courses, and live events.

Connect and collaborate with innovative educators.

Network with the creative education community and start a dialogue on the topics you're thinking about and exploring.
