Adobe Creative Cloud for higher education

Student License Pack datasheet

Offering access to Adobe creative and AI tools helps your students build the essential skills they need to succeed in the modern economy. The Adobe Student License Pack gives your students access to the full power of Creative Cloud wherever they are, on any device, and at a significant discount. And these higher education licenses include the latest Adobe Firefly generative AI features and Adobe Substance 3D at no additional cost. Individual departments or entire institutions can purchase the packs on behalf of 100 or more students via the Adobe VIP Marketplace.

Key benefits

Exceptional pricing
Get the best VIP student pricing Adobe has to offer, starting at just $99 per student per year with a minimum purchase of 250 licenses.

On-the-go access to creative tools
With Student License Pack, students aren't restricted to working on lab or classroom computers. They can use their Creative Cloud apps and services on personal computers, smartphones, and tablets—and they can easily access and work on files across devices.

Unlimited access to Creative Cloud apps and services
With all of Adobe's creative desktop and mobile apps at their fingertips, students can create amazing work for any medium and develop essential digital and AI skills. They can use simple text prompts to quickly create amazing content with the latest Firefly generative AI features. And they can use Creative Cloud services such as Adobe Portfolio and Behance to showcase their work to potential employers.

Easy license management
Your school's IT admins can quickly assign licenses to individual students, add or delete users, assign products, and add administrators in the Admin Console. And they can easily reassign the same license as students and courses come and go, as many times as needed.
