## Everyone is a creator with Adobe Express

Adobe Express is an all-in-one solution that helps your students in all areas of learning communicate through graphics, photos, videos, and more.

### For students in creative fields

- ▶ As part of Creative Cloud, it integrates with Photoshop and Illustrator, to **complete creative workflows easily from anywhere**.
- ▶ AI-powered features let them **experiment with tools for the future of work**.

### For students in every other field

- ▶ As a standalone app to express themselves more effectively in presentations, video essays, infographics, résumés, and more.
- ▶ AI-powered features let them use simple language to produce **extraordinary results**. No need to have a creative background.

Adobe Express is available through named-user Creative Cloud licenses and through the Student License Pack, as well as through standalone subscriptions to Adobe Express for higher education.
