

Webex for iPad.

Deliver business collaboration anywhere.

Every iPad® provides your team with the versatility, portability, and ease of use they need to work powerfully together. No matter where they're working.

Webex® for iPad delivers the ultimate productivity experience with native support for features like Split View for multitasking and Center Stage™, which automatically keeps you in frame on video calls even if you move around. And support for Apple Pencil® provides an even better white boarding experience.

To learn more about iPad and WebEx for hybrid work contact your CDW Account Manager or call 1-800-800-4239.
