

The background of the entire page is a photograph of four business professionals in a meeting. Three women and one man are gathered around a dark wooden table. One woman is standing and leaning over the table, pointing at a document. The other three are seated, looking at the document with interest and smiles. The man on the right is holding a document with a line graph on it. The setting appears to be a modern office with large windows in the background.

Room Types

Huddle Room

A huddle room is a small and private meeting area seating **1-4 people**. Depending on its size and needs, an organization may have several huddle rooms.

CAM130, VB130, VB342 Pro, FONE540

Small Conference

Small sized collaboration spaces are larger than huddle spaces and can accommodate **4-7 people**. These are corner offices, study spaces, meeting rooms or larger home offices.

CAM130, VB130, VB342 Pro, FONE540

Medium Conference

Medium sized conference rooms are your standard conference room size built to accommodate **7-12 people**. This is your typical executive conference room.

CAM520 Pro2, CAM550, VC520 Pro2, VB342 Pro, FONE540

Large Conference

Large conference rooms are equipped with teleconferencing and collaboration technologies. They can accommodate **12-20 people**. Most offices only have one of these spaces. This is the space where meetings including all employees happen.
