6 reasons why you should upgrade to new ClickShare devices

- 1. Enjoy the simplicity** of the ClickShare experience whether you are meeting face-to-face or via a videocall. Turn any space into a collaboration space.
- 2. ClickShare adapts to your personal workflow.** It is compatible with your laptop, conferencing platform and a broad range of peripherals.
- 3. Collaborate easily from any device,** even as a guest. Connect in less than 7 seconds with the ClickShare Button or App.
- 4. Access the newest features** and data & privacy security measurements.
- 5. Maintain, manage and monitor** devices seamlessly with our free central management tool & enjoy a 5-year warranty with the SmartCare package.
- 6. Install a solution** that cares for the planet, helping you to reach your sustainability targets.

How does the Trade in work?

- Fill in a [short form](#) mentioning the amount of your old Barco devices or competitive products.
- We will contact you with more information and let you choose your new device.
- We will pick up your old devices and send you your new devices.
- Relax and enjoy your new ClickShare.
