Design the future with Canva

Canva for Campus takes the world-class design functionalities of our Pro and Teams tools and supercharges them for Campus - unlocking enhanced collaboration, LMS integrations, security features, and student and admin controls to enable meaningful work across your entire campus.

Marketing and Admin

Streamline workflows, share knowledge, and collaborate between any department. Design, edit, review, give feedback, and more.

Teaching Staff

Customize content to make every lecture, class, and project engaging. Transform docs into decks, brainstorm over whiteboards, and tell stories with data.

Student Body

Achieve personal and academic goals by using creative, engaging tools. Developing critical design, data, and communication skills has never been easier.
