About CrowdStrike

CrowdStrike has redefined security with the world's most advanced cloud-native platform that protects and enables the people, processes and technologies that drive modern enterprise. CrowdStrike secures the most critical areas of enterprise risk – endpoints and cloud workloads, identity, and data – to keep customers ahead of today's threats and stop breaches. Powered by the CrowdStrike Security Cloud, the CrowdStrike Falcon Platform leverages real-time indicators of attack, threat intelligence, evolving adversary tradecraft and enriched telemetry from across the enterprise to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities. Purpose-built in the cloud with a single lightweight-agent architecture, customers benefit from unmatched scalability, superior protection and performance, reduced complexity and immediate time-to-value.

CrowdStrike: We stop breaches.
