

5 Ways to FLEX YOUR OPERATIONS

Outcomes delivered as-a-Service

Are You Ready for EverFlex?

Ready to experience the highest quality SLA-backed IT services?
Ready to reduce risk and costs?

Gain the advantage with consumption-based services of storage, compute, and data protection that flexes with your business.

Boost Your Flexibility

1

Flex Your Spend

Keep IT costs in line with your business needs with simple, efficient, cloud-like **pay-per-use**. And only ever pay for what you use.

2

Flex Your Consumption

Swap complex licenses and heavy capex costs for a faster, more agile, 'ready-when-you-are' consumption model. **Stay in control of your costs**, resources, and outcomes.

3

Flex Your Capacity

Scale simply, react faster, adapt seamlessly. Add or remove IT resources and technologies as market conditions change. Reshape your infrastructure to support healthy business growth. **Quickly and conveniently**.

4

Flex Your Innovation

It's time to align your IT resources to your business strategy. Discover ready-to-use resources **to provide business flexibility**. Just pick the right services for the right business initiatives.

5

Flex Your Multicloud Deployment

How, where, and when will you deploy resources and skillsets to meet your complex workload? **You choose**. On premises, at the edge, co-located, or any hybrid, public, or multicloud environment you need. Self-service or fully managed by experts.

Gain the efficiencies and flexibility your enterprise deserves.

Discover right-sized, right-priced and right-choice services. Deliver the control and quality your business operations demand – with all the flexibility of cloud.

Freedom From

- Over-provisioning
- Tied-up capital
- Upfront costs
- Clunky infrastructure
- Slow response times
- Risk
- Inconsistency of missed SLAs

Freedom To

- Simplify IT
- Innovate fast
- Minimize risk and expense
- Grow into new markets
- Scale up or down as conditions change
- Meet user needs quickly and efficiently

Boost Your Flexibility With EverFlex by Hitachi

Enterprise Storage Is Changing For Good

25%

From long-term spend to pay-per-use

*Predicted global XaaS growth from 2021 to 2026; Gartner, March 2021

Organizations should consider **preparing now** to store more data as they seek to achieve digital transformation milestones and improve business metrics by **accelerating innovative data analytics initiatives.**

*Data Creation and Replication Will Grow at a Faster Rate than Installed Storage Capacity, According to the IDC Global DataSphere and StorageSphere Forecasts, IDC, March 2021
