

# Drive business transformation

## HP Managed Print Services

## Empower your workforce to do more

HP Managed Print Services (MPS) is a strategic partnership that can help you embrace a modern workplace by offering the right cloud, digital workflow, hybrid work, security, and sustainability solutions to meet specific business objectives.

HP MPS not only eliminates the burden of traditional print management, it also transforms your organization into a flexible, agile business environment.

### TRANSFORM AT THE SPEED OF BUSINESS

Transform print management and legacy processes to secure cloud-based experiences that deliver long-term growth, reduce risk and unleash productivity.

### DRIVE GROWTH

Increase agility and boost profitability with new cloud-based capabilities that unlock the potential of data and automation, free up IT resources, and empower work-from-anywhere teams.

### REDUCE RISK

Achieve the right security and sustainability posture by safeguarding data, people and intellectual property against evolving cyber threats while advancing climate change goals with certified carbon neutral printing.

### UNLEASH PRODUCTIVITY

Empower productivity and enable teams to focus on strategic initiatives by eliminating friction from day-to-day workflows for both end users and IT teams, regardless of where they work.

# A Total Solution

HP MPS is a comprehensive approach integrating services, software, hardware, and supplies. Count on HP to offer the right hybrid work, digital workflow, cloud, security, and sustainability solutions to meet specific business objectives and outcomes, including driving growth, reducing risk, and unleashing productivity.

## Grow with the cloud

Realize key business outcomes with cloud-based services and solutions. HP helps you empower teams. Our highly configurable MPS offering seamlessly integrates into your evolving vision for the cloud, minimizes routine administration tasks through remote management services and workflow software, and rapidly scales custom print solutions—enterprise-wide.

## Digitize your workflows

Eliminate manual, time-intensive, and error-prone processes for end users, as well as back-office IT team members. Digital transformation drives business transformation through innovation—turning technology and data into a true competitive advantage. Our secure, flexible MPS solution empowers agile, work-from-anywhere teams to move fast, grasp opportunities, and create value.

## Strengthen Cyber Resilience

Fiercely defend your network with Zero Trust print security and layers of cyber-resilience atop the world's most secure printers.<sup>1</sup> Let credentialed HP cybersecurity professionals take the burden off IT with services designed for the changing needs of work—wherever it happens. HP Wolf Security experts can help you make a plan or handle it all for you.

## Embrace the hybrid workplace

Remove friction from day-to-day workflows and enable users to print and digitize information from virtually anywhere, on any device. Easily provide remote workers with the devices that are right for them, along with automatic, just-in-time supplies delivery – allowing them to focus on driving the business forward.

## Advance your sustainability goals

Focus on sustainability goals driven by marketplace demands, workforce expectations, and organizational values. HP MPS helps you optimize print usage and measure progress towards reducing emissions. Inspire teams and partners with your commitment to fighting climate change and supporting communities.

## Tailored to your business

It all starts with you. Our consultative approach is aligned to your needs and is delivered through flexible, modular service offerings that are organized into three stages: Design, Transition, and Manage.

We allow you to select the level of involvement that's right for you—you can manage key components of MPS in-house, outsource some areas completely to HP, and take a co-management approach in other areas.

## A partner you can trust

With over 39 years of experience and leadership in the printing market, the industry's strongest, most comprehensive printer security,<sup>1</sup> and our unique combination of people, processes, and innovative tools, HP has the expertise to cover all aspects of your global imaging and printing environment.

# Drive growth, reduce risk and unleash productivity with HP MPS
