

WE GET COMPLEX CLOUD SOLUTIONS.

CDW Amplified™ Hybrid Cloud
Azure from CDW

As one of only a handful of Microsoft Direct Cloud Solution Providers (CSPs) and Azure Expert Managed Service Providers (MSPs), CDW has the expertise to bring clarity to complex cloud strategies. Whether you are a new or existing customer, we will work to ensure the solution and service we provide is a perfect fit for your organization's needs.

Azure from CDW can help you achieve:

-  **Reduced Risk**
-  **Reduced Cost**
-  **Instant Visibility**

Orchestrating the Right Solution

CDW has seen customers of all sizes leveraging the public cloud to innovate faster, enable greater productivity and become more efficient, with fewer upfront and operational costs. CDW can help you quickly build, deploy, scale and manage your cloud environment.

With CDW, your organization can enjoy a host of benefits and Azure services:

- Access to a dedicated CDW account manager supported by Azure specialists
- Ability to leverage CDW credit terms with flexible payment options
- Single partner experience, from provisioning to support to deployment to billing
- LaunchPad Services to get you started with CDW Managed Services
- Multiple CDW Managed Service tiers designed around your cloud needs

CDW GETS MICROSOFT AZURE

CDW is an end-to-end provider of cloud applications, solutions and services for public, private and hybrid cloud environments. We are uniquely qualified to design, deliver and manage a flexible solution tailored to your needs. CDW will help you adopt and integrate Azure securely and efficiently. We have a long-standing, award-winning relationship with Microsoft that we extend to our clients. We get Azure!

- CDW is a Gold Platform member of the Microsoft Partner Network
- CDW is backed by Microsoft's highest tier of support
- CDW is a CSP provider for Azure from Microsoft
- CDW is Azure certified:

CDW's full lifecycle of Services can support your business no matter where you are on your journey

Managed Services Overview

Managing an ever-evolving cloud environment requires specialized skills — especially when production or business-critical systems must remain online without disruption. Our comprehensive next-generation Managed Services for Azure is backed by more than 20 years of managed services support experience. Enlisting CDW, a proven and trusted partner, can make it easier to keep your organization operating optimally. Managed Services for Azure has three tiers that meet the diverse needs of organizations looking to adopt cloud services at any stage.
