

WE GET GREAT CLASSROOM EXPERIENCES.

For better teaching and learning outcomes,
you need Intune and IT Orchestration
by CDW Education®.

Intune aims to help every student and teacher maximize their time. With Intune, you can set up a classroom in under an hour and easily manage devices, users and apps.

The Benefits:

- **Maximize teaching and learning** by achieving faster logins and minimal downtime with web-based management designed for learning environments.
- **Streamline cloud transition** with affordable licensing and onboarding resources.
- **Simplify deployment and management**, saving time and money with touchless device setup and management from anywhere.
- **Build a secure and scalable platform** that protects student data, safeguards schools from cyberattacks and takes advantage of cloud management innovations.

For a limited time, CDW is offering K-12 customers Intune deployment services **at no cost**. Minimum 2,000 new Intune seat deployment required.

To see if you qualify, contact your dedicated CDW Education account manager at 800.808.4239.
