

# MICROSOFT'S OPEN LICENSE PROGRAM ENDS DEC. 31

Guidance on Next Steps for CDW Customers

## Customer Requirement: Office 365 (License-Based Services)

	Existing Open License Program Customer	New Customer
<b>Recommended Action</b>	Renew subscriptions in CSP	Buy subscriptions through a CSP partner
<b>Alternative Action</b>	Buy licenses for software in CSP	Buy subscriptions in MPSA

### Notes on Renewing Subscriptions in CSP:

- No data loss
- No tenant migration needed

## Customer Requirement: Licenses Without Software Assurance

	Existing Open License Program Customer	New Customer
<b>Recommended Action</b>	Buy licenses for software in CSP	Buy licenses for software in CSP
<b>Alternative Action</b>	Buy licenses with SA in MPSA	—

### Notes on Buying Licenses in CSP:

- Licenses without SA are currently available via a qualified set of partners and will be available through all partners in January 2021
- Pricing for commercial customers is available

## Customer Requirement: Licenses with Software Assurance or SA Renewal

	Existing Open License Program Customer	New Customer
<b>Recommended Action</b>	Buy licenses with SA in MPSA	Buy licenses with SA in MPSA

### Notes on MPSA Agreements:

- MPSA non-companywide agreements are recommended since MPSA companywide and MPSA subscription agreements require a companywide commitment

## Customer Requirement: Azure (Usage-Based Services)

	Existing Open License Program Customer	New Customer
<b>Recommended Action</b>	Migrate Azure solutions to CSP	Pay for Azure services through a CSP

### Notes on Migrating Azure Solutions to CSP:

- Technical migration is required to manually transfer resources from one Azure subscription to another; there are no automated solutions to migrate from Azure in Open to Azure in CSP
