

GET AN EDGE ON YOUR AI JOURNEY WITH MICROSOFT 365 COPILOT.

CDW Amplified™ Collaboration Readiness Assistance for Microsoft 365 Copilot

Generative AI has unlocked a new frontier in productivity, promising a competitive edge for those organizations that can harness it over those that can't. If you're beginning your journey with Microsoft 365 Copilot, or if you're somewhere in the middle, there can be technical hurdles standing in the way of achieving your objectives with this exciting new product. The CDW team can help.

A Readiness Assistance for Microsoft 365 Copilot engagement can help you achieve:

-  **Agility**
-  **Faster Innovation**
-  **Increased Performance**

Augment Your Journey with Microsoft 365 Copilot

Whether you're an IT leader architecting the technology or a business user building your new way to work, you need to understand how to prepare for Microsoft 365 Copilot.

Areas in which we can help:

- Reviewing and structuring content and access with SharePoint Online and Teams.
- Protecting Microsoft 365 data with Purview.
- Developing approaches to technology adoption that fit your business and user community.
- Exploring usage scenarios with your business user community.

As result of this of this engagement, you and your organization will be enabled to:

- Plan your deployment and adoption roadmap for Microsoft 365 Copilot.
- Accelerate your success preparing your Microsoft 365 data for use with Microsoft 365 Copilot.
- Explore key usage scenarios with your business user community.
- Develop your technology adoption approach and drive awareness.
- Understand the scope of technical and licensing prerequisites standing in your way, what they mean for Microsoft 365 Copilot and how to address them.

You don't have to go it alone — our skilled Microsoft consulting team is ready to assist you today!

CDW's full lifecycle of Services can support your organization no matter where you are on your journey
