

Deploying technology is expensive and time-consuming.

CDW Windows Autopilot Pre-provisioning with Intune

Let CDW help you reduce the time and expense needed to deploy Windows 10 devices and ready systems for end users. We can help you build a turnkey deployment solution that reduces deployment time, increases ROI and frees your IT staff to focus on core business objectives. CDW's Windows Autopilot Pre-provisioning with Intune (formerly White Glove Service) will deploy Windows 10 desktops, notebooks and tablets in CDW's state-of-the-art Configuration and Distribution Centers. This allows you to ship devices directly to the location of use to streamline your work-from-home programs.

CDW Windows Autopilot Pre-provisioning with Intune can help you achieve:

Operational Efficiencies

Reliability

Increased Performance

Finding the Right Solution

CDW's Windows Autopilot Pre-provisioning with Intune service offers many benefits:

- Our certified technicians will enroll devices directly to your tenant
- Pre-provisioning includes Windows updates (and reboots), device applications, policies and settings (based on the customer's configuration of the Autopilot and Intune deployment solution)
- User-specific applications are also provisioned if the device has been assigned to a user
- Your new equipment will ship fully configured, saving time and resources needed to complete this task onsite
- Streamline your work-from-home program by shipping directly to the location of use
- Eliminate the risk of DOA systems; malfunctioning hardware is replaced from CDW stock and 100% of devices are validated by a QC manager before shipping to you
- Reduce costs associated with shipping, storage and bench space
- Increase ROI by reducing the time necessary to complete your deployments
- Free your IT staff to focus on your core business objectives

We want to make sure your new technology is ready to go when it arrives at your door. Let CDW do your heavy lifting and free up your IT resources.

CDW's full lifecycle of Services can support your organization no matter where you are on your journey
