Enhanced Onboarding for Enterprise Mobility and Security (EM+S) for Microsoft 365 can help you

**Operational Efficiencies**

**Reliability**

**Reduced Risk**

### Finding the Right Solution

To help your organization fully leverage Microsoft's Enterprise Mobility and Security (EM+S) suite, we offer a comprehensive onboarding service designed to optimize your IT environment and enhance security. Our expert team will guide you through each step, from assessing your current setup to configuring advanced features.

Here's what our onboarding service includes:

- **Environment and Device Assessment:** We evaluate your current IT environment and devices to identify areas for improvement.
- **Microsoft Entra Integration:** We ensure seamless integration and optimal performance of Microsoft Entra functionalities through a detailed review.
- **Service and Feature Setup:** Our experts configure various services and features in the EM+S suite to meet your specific needs.
- **Microsoft Intune Configuration:** We provide a comprehensive overview and configuration of Microsoft Intune, including up to two device policies, to enhance device management and security.
- **Rights Management Services:** We offer an insightful overview and configuration of Rights Management Services, with up to one policy to protect your sensitive information.

These services collectively aim to ensure your IT infrastructure is secure, efficient and aligned with your business goals.
