Performance for multi-tasking, meetings, and more

From video calls at home to virtual collaboration in the office, your work stands out with Surface Laptop 4.

- Get more multitasking power to run the professional-grade apps you depend on, fueled by an 11th Gen Intel® Core™ Processor and custom AMD processors.
- Show your best side with more accurate skin tone colors on video calls, even in low light, with the front-facing 720 HD camera.
- Be heard loud and clear in Microsoft Teams* calls with dual far-field Studio Mics that capture your voice crisply and clearly.
- Hear colleagues and customers clearly on calls. Listen in and be more fully engaged in meetings with Omnisonic speakers.
- Fuel up fast with Fast Charging and get back to your tasks within seconds of opening the lid.
- Type more accurately with responsive, backlit keys. And connect all your peripherals with USB-C® and USB-A.

Work your way in style

Surface Laptop 4 is sleek, ultra-thin, and light. Get it done in your choice of size, color, and keyboard finish.

- Thin, light, and elegant design. Ultra-slim, with a hinge so innovative you can open the lid with just one finger.
- Choose 13.5” or 15” sizes depending on your need for compact mobility or more screen to multi-task.
- See more and do more with Microsoft 365* apps optimized for the Surface signature 3:2 screen ratio.
- Interact naturally with the stunning PixelSense™ touchscreen display that’s so responsive you feel like you can reach out and touch your work.
- Choose from rich, tone-on-tone colors including Platinum, Matte Black, Sandstone, and new Ice Blue, and two durable keyboard finishes: warm Alcantara® material or cool metal.¹

Surface for Business unlocks more value

Save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security.

- Surface Laptop 4 lets you stay in control of your sensitive information with a removable hard drive² for data retention.
- Make the most of your investment in Microsoft 365,* with Windows 10 Pro, the protection of Microsoft Enterprise Mobility + Security, and the Office 365* productivity apps you rely on.
- Deploy and manage down to the firmware layer through the cloud with Microsoft Endpoint Manager* and DFCI.³
- Includes Advanced Exchange, an expedited replacement service, at no additional cost.⁴
