

GS66 Stealth

## Ultra-Thin & Light Hybrid Laptop Solution

- Up to latest 10th Gen. Intel Core i9 processor
- Windows 10 Pro / Home
- 15.6" Thin Bezel Full HD (1920x1080)
- 99.9Whr Battery Capacity
- Ultra-light 4.63 lbs, Ultra-slim 0.71 inch

With the reinforced black metal chassis build, upgradability and port selection, the Stealth is an ultra-versatile machine made to handle anything from gaming to enterprise-level productivity and everything else in between.

### Expandability & Flexibility

By opening the bottom cover you can now easily access the expandable SSD and memory slots for future upgrades.

### HD Webcam & Face Unlock

Be presentable on video calls with the 720p HD Webcam atop the thin bezel display. With Windows Hello, login faster with the built-in infrared camera.

### Long-Lasting Battery

The largest 99.9Whr battery in a laptop, the legal limit you can bring on to a flight. Work, create and game freely completely untethered.

### Connect to Every Possibility

Equipped with a full-size HDMI, three USB-A, two USB-C ports makes connecting devices easier.

3x USB 3.2 Gen 2

1x Thunderbolt 3

1x USB-C 3.2

HDMI

Audio Combo

Ethernet port
