TAA Compliance

NETGEAR now has the TAA-compliant managed switches to use in government projects. Several models from the award-winning M4250 and the brand new, powerhouse M4350 series managed switches are now ready for projects.

Add these eagerly anticipated TAA switches to your projects today! Contact your NETGEAR Representative to get priority allocation or answer any questions: (866) 480-2112, Option 2, or email uspowershift@netgear.com
