Manage your device platforms from anywhere.

Pilot Deployment for Workspace ONE

More employees are utilizing multiple platforms and working remotely today than ever before, creating a greater need to manage these devices while providing a secure and reliable cloud-based management solution that delivers applications, policies and enhanced features to an array of different platforms. The Pilot Deployment of Workspace ONE solution analyzes and implements enhanced management and security features to Windows, iOS and Android devices to ensure that no matter where a user's device is located, your IT can properly deliver the best experience to the end user.

Agility

A Pilot Deployment for Workspace ONE can help you achieve:

Finding the Right Solution

With a Pilot Deployment for Workspace ONE, CDW helps you:

- Plan and design a Omnissa Workspace ONE solution to support a production-ready deployment.
- Gather business and technical requirements to ensure a successful project.
- Determine a deployment roadmap of Workspace ONE features based on requirements.
- Configure the Workspace ONE components to integrate with your existing environment.
- Integrate with Microsoft Endpoint Manager and Microsoft Entra ID to provide conditional access and ensure overall device compliance.
- Provide knowledge transfer on proper administration and configuration of Workspace ONE components.
- Configure reporting, security roles and end-user self-service portal.
- Build and configure Omnissa Tunnel and VPN profile to connect mobile devices to on-premises corporate resources.
- Configure reporting, policies, enhanced feature profiles and end-user self-service portal to ensure proper device management on multiple device platforms.
- Assist with the enrollment into Workspace ONE to manage and secure Windows, iOS and Android mobile device platforms.
- Build and configure a modernized automated deployment solution of Windows, iOS and Android devices through zero-touch provisioning.

CDW's full lifecycle of Services can support your organization no matter where you are on your journey

CDW + OMNISSA WORKSPACE ONE
