# Streamline and Stay Organized This School Year With ScanSnap

As an educator, it's important you have the best tools for the job. ScanSnap's industry-leading document scanning solutions provide the most efficient way to digitize, organize and share student documents with teachers, parents, students, and school administrators. ScanSnap scanners make it quick and easy to digitize, organize, and share documents across the education environment—from the front office to the classroom.

ScanSnap Imaging provides superior feeding performance, industry-leading image quality, and operational ease-of-use to ensure scanning projects go smoothly and quickly to get the most important part of a document—the data.

Streamline and Stay Organized
This School Year With ScanSnap

Scan everything from individual or batched documents to textbooks and oversized artwork. Our scanners integrate with popular platforms like Google and Microsoft, so teachers can connect physical and digital documents easily. The ScanSnap Connect App now also supports Chrome OS, making it easier than ever to scan all types of documents, straight to your Google Chromebook.

NOT JUST SCANNING—SMART SCANNING

Adding a ScanSnap to your desk or office makes it easy to stay organized, with less paper-shuffling.

• Quickly and easily scan, digitize, and organize documents—no need to call IT
• Automatically recognize and organize by type: documents, business cards, photos, or receipts
• Easily share documents between district offices, teachers, offsite administrators, and parents
• Reduce paper processing and preparation time
• Produce exceptionally clean images—better than the original
• Compress digital file size while eliminating paper storage space requirements
• Maintain an organized and productive workspace
