

The image shows the interior of a vehicle with a Samsung DeX setup. A large tablet is mounted on the dashboard, displaying a navigation and data interface. A keyboard is attached to the tablet. A smartphone is mounted on the steering wheel. The driver's side of the vehicle is visible, showing the steering wheel and dashboard. The Samsung logo is in the top right corner.

SAMSUNG

# DeX in Vehicle

## Always-on connectivity that maps to the flow of work

---

The DeX in Vehicle solution provides seamless field-to-vehicle-to-office connectivity.

The powerful mobile device offers a PC-like experience and eliminates the full cost of maintaining a rugged Windows PC in vehicle and a separate PC in station/office, limiting the number of devices needed.

The solution integrates computer aided dispatch (CAD), records management, GPS and other productivity software.

## Key features

**One mobile device** to power seamless field-to-vehicle-to-office computing, replacing the need for PCs

**S Pen** captures signatures easily and digitizes pen to paper workflows

**5G**

**5G connectivity** for maximum speed and security optimizes ability to work on-the-go

**Software and hardware partners** provide the full range of tools needed, with the ability to integrate it for officers in one system set-up

**Highest security** with defense-grade Knox security platform built-in, along with Knox Suite for device management

**Long-lasting battery** means use in the field without interruption

### Federal law enforcement / military police

Gain greater situational awareness for whatever the mission demands with the same technological efficiency whether the officer is in the field, the vehicle or the office.

### Federal fire services / emergency responders

Ensure federal firefighters or emergency responders can operate seamlessly from field to vehicle to office, with a technology solution that keeps them connected at all times.

### Border patrol agents

Give border patrol agents the technological edge and mobile flexibility required to meet the mission.
