

# Get started with Tableau

Empower everyone to become more data-driven with the leading analytics platform

## Select your role and get up to speed quickly

### Tableau Creator

Discover insights with a powerful suite of products that support end-to-end analytics, including Tableau Desktop, Tableau Prep Builder, and one Creator license on Tableau Online.

### Tableau Explorer

Explore trusted data and answer your own questions faster with full self-service analytics. Includes one Explorer license on Tableau Online.

### Tableau Viewer

View and interact with dashboards and visualizations in a secure, easy-to-use platform with one Viewer license on Tableau Online.

## Why teams and organizations love Tableau

### Deploy the broadest and deepest platform

Drive better business outcomes with a leading analytics platform, including fully-integrated data management and governance, visual analytics and data storytelling, and collaboration—all with Salesforce Einstein.

### Access trusted and governed data

Streamline governance, security, compliance, maintenance, and support your data and analytics from connection, preparation, and exploration to insights, decision-making, and action.

### Learn from proven expertise and guidance

Empower everyone by building your Data Culture with proven best practices to unlock people's potential, cultivate an internal data community, and engage with the global data community.
