SEAMLESS CONNECTIONS
Docking Solutions For Enterprise And SMBs
Today’s enterprises consist of a wide range of computer hardware platforms, software applications, and operating systems. Add in hoteling, hot desking, and any other flexible work environments – and you have a challenge for IT administrators who seek to accommodate this diverse workplace. If your goal is to maximize efficiency and productivity, a Targus docking solution can meet your most demanding requirements.

### Why Targus for Docking?

**Extensive Portfolio**
Over the past 15+ years, we’ve channeled our expertise into solutions that support the very latest advancements, including support for 4K, 5K, even 8K video, USB Type-C connections, as well as Alternate Modes, like Thunderbolt™ 3. We have solutions that support single, dual, triple and quad displays – and even travel docks for those always on the go.

**Innovation**
We believe the best solutions are driven by intelligent innovation. We have patented docking solutions and are continuing to develop first-to-world, award-winning products like our quad monitor docking stations and IoT-enabled solutions.

**Trusted Expertise**
We’re proud to say the biggest names in global business – from financial and government to technology and real estate – trust Targus. We’ve deployed more than 1 million universal docking stations with over 90% of Fortune 1000 companies using our products.

We also work closely with all major technology vendors – including Apple®, Dell®, HP®, and Lenovo® – to ensure that our docks are rigorously tested to be truly universal and perform reliably.

**Proprietary Software**
Our exclusive software, available on most solutions, not only enhance security, but also improve the user experience on Windows®-based platforms. Features like Wi-Fi auto-switch, MAC address cloning, and storage of user settings are just a few reasons why our docking solutions are the top choice for mobile professionals.

**Dedicated Service**
With Targus, your road to full productivity is easy – and one you don’t need to traverse alone. Our dedicated team of enterprise account representatives, field applications engineers, and customer service agents are there to listen to your needs and provide complete pre- and post-deployment guidance to ensure your success and provide peace of mind. We’ve even got webinars and a blog to update you on the latest trends and topics.
Universal Docking Solutions

Truly Universal Compatibility
Imagine the simplicity of having one docking station that works for your entire enterprise – supporting USB Type-A or USB Type-C devices (or both) and working across all major platforms. As a global leader in docking, Targus is uniquely equipped to make it happen. Our universal docking solutions are fully tested and proven to work with Mac®, and PC platforms, as well as Chrome OS®, Android®, and Linux® operating systems. This broad and flexible compatibility means you don’t need to replace your docking solutions during every laptop or OS refresh – making Targus the preferred future-ready solution.

USB-C UNIVERSAL DV4K DOCKING STATION WITH 100W POWER DELIVERY
DOCK182USZ | MSRP: $329.99
DOCK192USZ | MSRP: $349.99 (Includes legacy host power kit)

Good For: Large enterprises with high performance requirements

For devices that need power and universality, the DOCK182 and DOCK192 are the perfect choice for creating a high-performance, dual-display workstation. With 4K video performance, support for either HDMI or DisplayPort video, and all the USB connections you need, this dock packs all the ports necessary to get work done.

Works With: Windows®, macOS®, Android®, Chrome OS®, Ubuntu™
Connection Technology: USB 3.2 Gen 2 Type-C or Type-A (with included tethered adapter)
Power Delivery: Up to 100W; or charges legacy computer host up to 90W with legacy host power kit (ACC1134GLX), included with DOCK192
Max Monitors: 2
Max Resolution: 4K UHD/5K (single); 4K UHD (dual)
Warranty: 3 Years

Docking Solutions for Enterprise and SMBs | 5
UNIVERSAL USB-C DV4K HDMI DOCKING STATION
WITH 65W POWER DELIVERY
DOCK310USZ | MSRP: $249.99

Good For: Small business with basic docking needs that need HDMI video connection
With video performance up to 3840x2160 p60 for dual HDMI displays or 5120x2880 p60 for a single HDMI display, and a combination of USB-A (3x USB 3.2 Gen 1 Type-A ports) and USB-C (1x USB 3.2 Gen 1 Type-C), plus Ethernet and audio ports, it’s the practical docking station for essential productivity.

Works With: Windows®, macOS®, Android®, Chrome®, Ubuntu™

Connection Technology: USB 3.2 Gen 1 Type-C

Power Delivery: Up to 65W or charges legacy computer host up to 90W with optional accessory (not included)

Max Monitors: 2
Max Resolution: 4K UHD HDR/5K (single); 4K UHD HDR (dual)

Warranty: 3 Years

Optional Accessories

USB C/M to C/M 1.8M, 5A, 10Gbps Cable
ACC1122GLX | $39.99

Docking Station VESA Mount
ACX003GLZ | $49.99

Legacy Power Splitter
ACA48GLZ | $49.99

DEFCON® Ultimate Universal Serialized Combination Lock – 25 Pack
ASP96GLX-25S | $1074.75

DEFCON® Ultimate Universal Serialized Dual Head Converter Combination Lock – 25 pack
ASP96DGLX-25S | $974.75

UNIVERSAL USB-C DV4K DP DOCKING STATION
WITH 65W POWER DELIVERY
DOCK315USZ | MSRP: $256.99

Good For: Small business with basic docking needs that need a DisplayPort™ video connection
With video performance up to 3840x2160 p60 for dual DisplayPort™ displays or 5120x2880 p60 for a single DP display, and a combination of USB-A (3x USB 3.2 Gen 1 Type-A ports) and USB-C (1x USB 3.2 Gen 2 Type-C), plus Ethernet and audio ports, it’s the practical docking station for essential productivity.

Works With: Windows®, macOS®, Android®, Chrome®, Ubuntu™

Connection Technology: USB 3.2 Gen 2 Type-C

Power Delivery: Up to 65W or charges legacy computer host up to 90W with optional accessory (not included)

Max Monitors: 2
Max Resolution: 4K UHD HDR/5K (single); 4K UHD HDR (dual)

Warranty: 3 Years

Optional Accessories

ASP96DGLX-25S | $974.75
**USB-C™ UNIVERSAL QUAD 4K (QV4K) DOCKING STATION WITH 100W POWER DELIVERY**

**Dock570USZ | MSRP: $449.99**

**Good For:** Financial firms, IT, call centers needing power delivery

Maximize your workstation and connect up to four 4K UHD displays with either DisplayPort or HDMI while charging your laptop up to 100W.

**Works With:** Windows®, macOS®, Android®, Ubuntu™

**Connection Technology:** USB 3.2 Gen 1 Type-C or Type-A (with included adapter ACC1104GLX)

**Power Delivery:** Up to 100W or charges legacy computer host up to 90W (power tips included)

**Max Monitors:** 4

**Max Resolution:** 4K UHD/5K (single); 4K UHD (dual/triple/quad)

**Warranty:** 3 Years

---

**Alternate Mode Docking Solutions**

**Not Every Dock Can Be Universal**

As manufacturers continue adding USB Type-C connectors into their products, they’re using it in various ways that are not always universally compatible – thus requiring an Alternate Mode dock like DisplayPort Alt. Mode and Thunderbolt™ 3. We know and understand that challenge. Our experts are on hand to navigate your needs and help you determine the optimal dock for your environment.

A CUSTOMER SUCCESS STORY

A leading provider of insurance and financial services with over 28,000 employees was in search of a universal docking solution to maximize its investment and eliminate the financial impact of purchasing a new dock each time it refreshes its laptop fleet or changes OEM providers. While the initial investment in Targus docking stations was a concern, the longevity of a universal solution that’ll survive multiple laptop refreshes and work with a mix of devices ultimately won over the company. Our client also saw immense value in the ability to deliver power to legacy USB-A laptops - a Targus exclusive.

Through the rollout, the Targus team held bi-weekly meetings with the client to ensure implementation and employee adoption remained on track. Moreover, Targus Application Engineers performed pre- and post-deployment testing to ensure the docks operated as advertised.

As the client continues to grow its mixed fleet, they now forego the incremental cost of purchasing new non-universal docking stations for specific devices. The company will realize an estimated $3 million savings over the next three-year period as their team continues to refresh client devices.

---

**BEST OF BOTH WORLDS: DOCKING + MONITORS IN ONE**

- Single cable for space saving & clutter free working
- 1080p full hd with 178° wide-view angle
- Fully adjustable height, angle, pivot
- Single power source for monitors, dock & PC
- Packed with integrated webcam and speakers, USB ports, ethernet, & video ports
- Targus tested w/multiple devices & platforms

---

**24” USB-C DOCKING MONITOR WITH 100W POWER DELIVERY**

DM4240PUSZ | MSRP: $449.99

**Good For:** Enterprises with need to support a simpler, cost-effective way to support docking and monitor needs.

**Equipped with:** High-resolution graphics, 2 USB-A 3.2 Gen 1 ports, built-in speakers, two microphones, and a 2M Pixel webcam, the USB-C Docking Monitor is the ultimate dock to keep you connected, powered, and productive.

**Works With:** Windows®, macOS®, Chrome OS®, Android®, and LINUX®

**Connection Technology:** Type-C Multi-Function DisplayPort™ Alt. Mode

**Power Delivery:** Up to 100W

**Max Monitors:** 1 (but can support dual display with secondary monitor – DM4240SUSZ [MSRP: $249.99 sold separately])

**Max Resolution:** HD (single)

**Warranty:** 3 Years

- 2M Pixel webcam w/ 2 built-in microphones
- + Full HD (1920x1080) Resolution
- + 1x HDMI 1.4 video port
- + 2x DisplayPort 1.2 port (1 in and 1 out)
- + 1x USB-C 3.2 Gen 1 port to host
- + 2x USB-A 3.2 Gen 1 ports
- + 1x combo Audio In/Out
- + 1x RJ45 Gigabit Ethernet port
- + 1x DC Out to power optional secondary monitor
