

Wacom for Business

Signature Solutions

WACOM® for Business

Diverse Industries

Multiple Use Cases

Organizations around the world are taking advantage of Wacom for Business hardware and software to improve efficiencies, cut costs, reduce waste, tighten security, connect globally and introduce new services.

HEALTHCARE

Healthcare organizations use Wacom solutions to confirm identities, capture signatures and augment patient care. It's about digitizing consent, records and patient care with a human touch.

FINANCIAL SERVICES

Financial Services providers use Wacom for Business products to help secure legally-binding agreements from customers for everything from account opening to credit contracts.

PUBLIC SECTOR

Government and public sector organizations use Wacom for Business products to streamline citizen services and other functions, increasing efficiency and improving the customer experience.

EDUCATION

The way the world learns is being transformed by digital technology. Wacom for Business products help educational organizations of all kinds drive the change.

RETAIL

Retailers and service providers want fast throughput, and customers want a quick and easy shopping experience. Wacom for Business products help deliver both.

TOURISM

Organizations in hospitality and tourism use Wacom for Business products to optimize the customer experience in a range of situations, from hotel check-in, to rental car pick-up.

STU-540

Signature Pad

Wacom's most advanced and robust color LCD signature pad with state-of-the-art encryption.

As our most advanced and robust premium signature pads, the Wacom STU-540 feature a 5" high-resolution color screen with hardened cover glass for superb durability.

They also feature a broad range of connectivity options including multiple choices for virtualized desktop environments, as well as sophisticated encryption and user convenience.

As a result, these signature pads have the flexibility to meet the growing demands of any organization implementing handwritten electronic signatures.

KEY FEATURES & BENEFITS

- **Secure Transactions**
Transaction security with state-of-the-art AES/RSA encryption
- **Native Support**
Native support for Citrix v7.6.3 and newer in standard USB mode.
- **Virtual-ready**
Virtual COM Port (VCP) mode for Citrix v6.5 and other virtualized desktop environments

STU-430

Signature Pad

A full-featured monochrome LCD signature pad for multiple workstation and network environments

Ideal for any signing environment, the Wacom STU-430 signature pad is a versatile, full-featured, monochrome signature pad with a new thin design and a low-profile surface. The 4.5" LCD screen is large enough to capture longer signatures, as well as to accommodate soft buttons in addition to the signature area.

Moreover, the screen is easily readable in varying light conditions. State-of-the-art encryption and a unique hardware ID ensure a secure signing experience.

KEY FEATURES & BENEFITS

- **Efficient Accuracy**
Cordless, battery-free pen with 1024 pressure sensitivity levels ensures biometrically accurate signature capture.
- **Secure Transactions**
Transaction security with state-of-the-art AES/RSA encryption
- **Unique Identity**
Unique hardware ID enables identification of the exact device used for signing

DTU-1141B

Pen Display

With a 10.1" Full HD resolution LCD and state-of-the-art encryption, the USB-powered Wacom DTU-1141B Pen Display is a best-in-class eDocument solution.

The DTU-1141B's vivid 10.1" LCD screen supports multiple resolutions up to Full HD for an optimal user experience with any business software application. Security is addressed with state-of-the-art encryption and a unique hardware ID that connects each electronic signature to the individual unit used for signing.

As with all Wacom products, the DTU-1141B is extremely durable and can be easily integrated into any existing environment. The pen is cordless and battery-free, making it light, strong and low maintenance. The unit can also be used while flat, supported at a comfortable angle with the integrated stand, or attached to a third-party arm or stand.

KEY FEATURES & BENEFITS

- **Enhanced Productivity**
Easy access to commonly used shortcuts is provided by four touch-activated ExpressKey
- **Multiple resolutions**
Support for 6 different resolutions from 800x600 to 1920x1080
- **Secure Transactions**
Transaction security with state-of-the-art AES/RSA encryption
