SOC 2 Readiness Assessment

A System and Organization Controls (SOC) 2 report, developed by the American Institute of Certified Public Accountants (AICPA), evaluates a company's internal controls related to the Trust Services Principles: Security, Availability, Processing Integrity, Confidentiality and Privacy. CDW offers a SOC 2 Readiness Assessment to help organizations proactively prepare for this business-critical audit by identifying control gaps, aligning processes and improving audit preparedness. This service helps mitigate the risk of costly delays, failed audits or reputational damage, while building customer trust and demonstrating a strong security posture. With CDW's guidance, clients can confidently pursue SOC 2 compliance and unlock greater business opportunities.
