MICROSOFT 365 CISO SECURITY WORKSHOP

ESTABLISH TIGHTER SECURITY FOR YOUR MICROSOFT ENVIRONMENT

The Microsoft 365 CISO Security Workshop focuses on learning your educational institution's unique needs and develops a strategic plan based on approaches recommended by Microsoft experts.

The workshop will cover both product and solution best practices configuration recommendations around the security features of Microsoft 365. This will provide a functional roadmap to ensure security and compliance is built into the Office 365, Windows 10 and EMS solution. This will benefit both highly regulated organizations and those who have concerns about increasing their information security posture.

WHAT CAN CDW DO FOR ME?

Some of the products and tools covered in the workshop include:

- Advanced Security Management
- Advanced Threat Protection (ATP)
- Multi-factor Authentication
- Azure Information Protection
- Conditional Access
- Privileged Identity Management
- Information Security
- Email Security
- Authentication and Identity Security
- Group Policy Review
- Application Security

THE BENEFITS

- Deep dive into Microsoft 365 and features that could improve security of Office 365, Windows 10 and EMS
- Gain better understanding of Windows 10, Office 365 and EMS Security features
- Evaluate current environment and security requirements
- Implement Threat Check tools to gain insight into potential risks
- Develop a roadmap on planning for the security and compliance of Office 365, Windows 10 and EMS

WHY CDW?

CDW is uniquely qualified to design IT solutions that remove complexity and unnecessary costs from your organization. Our experts become part of your team providing the support you need, when and where you need it.

We can help you navigate Microsoft's robust array of solution offerings. CDW is an end-to-end provider of cloud applications, solutions and services in public, private and hybrid cloud environments. Based on your business demands, we can help you plan, deliver and manage a flexible cloud solution tailored to your needs. We offer best-of-breed providers, risk mitigation strategies and dedicated, personalized expertise to deliver economic and operational benefits.

We get Microsoft. And we can share our knowledge with you, so your organization can spend less time managing software and more time putting it to work.
